

PURPOSE-BUILT SOFTWARE  
FOR LAW ENFORCEMENT PROFESSIONALS

**CAD | RMS | MOBILE | JAIL | CIVIL | COURT | CLERY**

## EFFORTLESS MOBILE CAD: ENHANCING LAW ENFORCEMENT WITH EFORCE® CAD IN MOBILE

In today's rapidly evolving digital landscape, leveraging technology is paramount to staying ahead. EFORCE Mobile offers law enforcement agencies a crucial advantage in this modern, fast-paced world. With real-time access to critical information and seamless communication channels, officers can make informed decisions swiftly and effectively. By harnessing the power of mobile technology, EFORCE Mobile enables officers to adapt to dynamic situations with agility, enhancing their ability to serve and protect the community efficiently.

### Key Features:

#### Seamless communication:

EFORCE® mobile enables seamless communication between officers and dispatch, as well as among officers out in the field.

#### Convenient access:

With mobile access, officers and administrators can securely access CAD features from their smartphones or tablets, providing flexibility and convenience for managing incidents and resources while on the move.

#### Real Time Status Updates:

Supervisors have the capability to approve reports on the go, directly from their mobile devices, streamlining the approval process & operational efficiency.

#### Incident & Dispatch Updates:

Police officers can stay updated on unfolding incidents and receive crucial information instantly, allowing for quicker response times and informed decisions.

#### Streamlined Integration:

EFORCE® Mobile CAD solution seamlessly integrates with the desktop CAD system, ensuring consistent functionality across devices.

# WHY CHOOSE EFORCE?
